> According to Love, the motor had been missing, and he was trying to make a landing, coasting in towards the airport, when the gust of wind struck the plane at a height of about 100 feet, causing the plane to dive toward the ground, where it struck head-on in a soft muddy spot in a plowed field on the Hoye farm. The plane was practically demolished, and how the two young men escaped with as few injuries as they did was almost miraculous.

Love, it was found at the hospital, had received a broken nose and lacerations about the left eye and forehead, while Johnson apparently has no other injuries than a few small lacerations on the nose

Thrown Clear Of Wreckage When the plane crashed, the two vere thrown clear of the wreckage. Both were conscious and Love asked Johnson to go to the airport for help, while he remained with the plane. In the meantime, residents of the vicinity heard the crash and went to the scene. Johnson staggered across the muddy fields until he reached the airport.

Johnson was brought to the hospital here at 5:55 p. m. by William Broad, of the Youngstown road, (Continued On Page Two)

Two-Inch Downpour Is Noted During Night, Causing Mild Flood Threat

Almost two inches of rain fell during the night U.S. Weather Observer B. F. Johnson reported this morning, and coming on the heels of previous rains, caused local streams to rise rapidly, but no immediate danger of a flood is felt. 1 would take a tremendous amount more of rain to cause either the Shenango River or Neshannock to overflow their banks. Smaller streams however, are running full. Highway Superintendent E. O. Reed reported this morning that the roadway on Route 88 had been covered near Ellwood City early this morning, but that it had not interfered with traffic and was clear at 9 o'clock. The highway just this side of the Harbor bridge, usually one of the first to be covered was still clear this morning, but with the Shenango rising rapidly gave indi-cation that it might be flooded before the day was over if the river A stage of almost 11 feet was re-

#### **ALL ELECTIONS ARE IMPORTANT**

DECAUSE of the overshadowing interest in developments on the world war stage, the primary election of next Tues- girls were able to cross the streets day has almost been shoved over the horizon, as far as public they were allowed to go to the store and buy listed groceries, sometimes interest seems to be concerned.

Both the Republican and Democratic parties will name the men who are to be the candidates for state and national offices in the fall at the Tuesday balloting, and there seems no logical reason for the lack of interest.

It is to be hoped that the apparent lethargy on the eve they might have the penny that would be left over. They were always careful to look for the best of the election will not result in many of the voters failing to go to the polls. Every registered voter in either party should quality, too. take part in the primary selections.

Don't be a vote slacker next Tuesday!

#### **BICYCLE LICENSE BENEFITS**

Licensing of bicycles, widely recommended as a safety measure and already practiced in many places, has been found to have a further usefulness. In a city which began registering bicycles last spring, more than 1.700 lost or stolen bikes were recovered and returned to their owners between May 1, 1939, and January 1, 1940. Only 300 were recovered in all of 1938. Patrolmen in the bicycle bureau credit the registration law with the improvement.

It has also served to develop uniform regulations for bicycles, simplifying control of bikes in traffic. Registration, license plates and required fees help, also, to make youthful bike riders take their own traffic responsibility more seriously.

#### THOSE GRIDIRON DINNERS

Those Grideron Dinner held in Washington are excellent lessons in democracy. There could be nothing like them anywhere else in the world. It was perhaps a more striking situation than ever before when, a few nights ago, the president and vice president, heads of both houses of congress, justices of the Supreme Court and leading candidates for the presidency all sat and took it, while the newspaper men raked them fore and aft with wit and irony.

It must have been especially impressive to the foreign diplomats present. Many of them probably wondered how many of the correspondents would have been shot at sunrise, in their own countries, for taking such liberties with the mighty. Also how many of the presidential candidates, "taking it" with

such sportsmanship, would have been organizing armed insurrections if they were citizens of various other countries that might be named.

It's a fine thing to continue giving the Old World, and also some our Pan-American neighbors, such lessons in applied democracy.

#### WAR ON TWO FRONTS

German statesmen and military strategists have for three-quarters of a century tried to avoid the necessity of fighting a war on two Bismarck and von Schlieffen vied the possibility with emotions akin to terror. Hindenburg and Ludendorf considered it essential to eliminate Russia as quickly as possible in order that there might be a concentration of effort upon the attainment of victory on the Western

Hitler was cunning enough to sink all differences of political ideology, if any, and make an ally of the despised reds in order that he might be safe in the east. But now, notwithstanding his early precautions, he faces the necessity of a dispersion of his attention, his troops gration of the Hebrew nation under and all other military resources.

In Scandinavia he has committed himself to warfare on a new front which involves the risk of complete destruction of his naval strength and which is certain to prove a drain upon the military power which he has established along the western front, where it is imperative that there shall be no penetration. Continuance of the Norwegian expedition, requiring the transportation of troops and supplies across water, calls for naval security. Premier Reynaud of France has estimated that a third of the Reich's navy has been sunk, largely in consequence of the Nor-

End of seriously. Substantial losses are certain to continue so long as Germany attempts to support the Scandinavian campaign.

Meanwhile Hitler, through the failure of the blitzkrieg which was to have eliminated Norway within forty-eight hours, is compelled to throw valuable resources in men and supplies into a distant campaign, without having accomplished the primary purpose in view-relief from a stifling blockade. The inspired stroke of genius has brought the dreaded war on two fronts, a military as well as a naval threat on Germany's

#### The Parent Problem

By Garry C. Myers, Ph. D.

Often in this column I have emphasized the importance of training the child in self-reliance from his early years and, through many concrete instances, have suggested ways and means of cultivating it. I enjoy the increasing number of letters. I receive which tell how it worked, letters which describe success in child guidance and parent-child relationships. I felt strong ad-miration for the mother as I read the following from her letter. Those who have religious interest will be impressed that this mother prays for guidance in bringing up her

# NOMINATE ER D. O'NEILL CONGRESS

Democratic Primaries Tuesday, April 23rd THE ONLY LAWRENCE COUNTY CANDIDATE FOR CONGRESS

It Has Been 26 Years Since Lawrence County Has Been Represented by a Lawrence County Congressman

As indicated above, I am a candidate for the Democratic nomination for Congress. I am a resident of New Castle, Pa., a member of the Lawrence County Bar, and a lifelong Democrat. My advanced education was received at Westminster College and the University of Michigan Law School. I was secretary to former Congressman Charles R. Eckert and am familiar with Congressional procedure.

If nominated and elected it will be my aim to support the program of the Democratic Party and the New Deal.

Vicious attacks are being made by the privileged interests to mutilate and nullify the many salutary laws that have been enacted during the Roosevelt administration in behalf of labor, pensions agriculture, youth, industry, relief, unemployment, conservation. peace and the public welfare generally.

I shall do all in my power to prevent the enemies of the people from destroying the good work that has been done by the Democratic Party and the Roosevelt administration during the last seven years, and will advocate and support the enactment of legislation as time and experience may suggest and warrant, for the further development of the Roosevelt program in conformity with sound and tried democratic principles, to the end that social justice and freedom may bless the people of America.

# VOTE FOR SENATOR GUFFEY

On next Tuesday you will have the opportunity of voting for or against the program of President Roosevelt. Six years ago you voted to send Joseph F. Guffey to the U.S. Senate to help the President enact his program into law. In fulfillment of his campaign pledges, Senator Guffey has supported the Roosevelt policies 100%. No member of the U.S. Senate has surpassed him in the support of the President. He fought hard and successfully for the W. P. A., for the C. C. C. and the N. Y. A. He fought, for Insurance on Bank Deposits, better Labor Laws and for every plank in the Democratic platform.. Senator Guffey has fought for the Lawrence County and its citizens. He is known for his wide influence in Washington. Senator Guffey now seeks re-election. To vote against Senator Guffey is to vote against President Roosevelt. If Senator Guffey be defeated the hostile newspapers of the nation will carry headlines "Penna. Votes Against Roosevelt". In 1936 Roosevelt carried Pennsylvania by over 600,000 votes and carried Lawrence County by over 6,500 votes. HELP KEEP LAWRENCE COUNTY FOR ROOSE-VELT. Uphold the hands of your President. The most important vote you have cast since you last voted for Roosevelt should help KEEP SENATOR GUFFEY IN THE SENATE.

Y. P. C. U. OFFICERS INSTALLED After the regular meeting on Sunday evening, the newly elected Y. P. C. U. officers were installed by the pastor, Rev. Robert Douglass. The officers are president, Jack Houston; vice president, Margaret Bowden; secretary, Norma Hall; treasurer, Paul Boyles. These officers met on Tuesday evening and appointed the new committees for the year.

PRESBYTERIAL INSTITUTE Five of the six Institute meetings being held by the Mercer Presby-terial Y. P. C. U. are over with a splendid interest being shown. The final meeting will be held Monday evening, April 22, in the New Wilmington U. P. church. Two classes have been taught; one on The Art of Leadership and one on Christian Friendship. After the classes on Monday evening a social time. Monday evening a social time is planned to conclude the Institute. There will be games and a lunch.

BUSINESS MEETING The new president, Jack Houston, presided at the Y. P. C. U. business

meeting when the group met in his home on Wednesday evening, April 17. Plans were made to have a special Mother's Day program with the new program committee in charge of complete arrangements for it. A party was planned for Wednesday evening, May 1. A few games were enjoyed after the business. A buffet lunch was served.

Y. P. C. U. COMMITTEE The Presbyterial Y. P. C. U. exeutive committee met in the home of the president, Wilbur Fox, on Thursday evening, April 18, for the regular monthly meeting. Plans were made for the party to follow the Institute meeting Monday evening. Mack Shaw, National Secretary of the Y. P. C. U., will be in Mercer Presbytery on Monday evening, April 29, when the group will meet in the West Middlesex church. Mr. Shaw will show pictures of the Penn State National Y. P. C. TO THE REPUBLICAN **VOTERS OF** LAWRENCE COUNTY

## Tuesday, April 23rd, Will Be Primary Day

At that time the Republican voters of the Twenty-sixth (26) Congressional District will nominate their Representative in Congress for the next two years.

As your Congressman for the past two years, I have served the interests of this truly great district to the best of my ability. My record is before you for approval or disapproval. Your choice will be registered in your vote.

This is in reality a very critical year. A President is to be elected. National policies which will control the destiny of this great nation for the next four years are to be determined. Every citizen should vote at the primaries.

I am appealing to every Republican in our district, through this statement, in the hope of enlisting your support and help in this campaign. My Congressional duties require my presence here in Washington, where important national issues are being decided. Therefore, I cannot make a personal campaign throughout the district.

Should you honor me by renominating me to be your candidate for this high office, I pledge myself to the task of working for the best interests of our district and our nation.

Your vote and influence will be deeply appreciated.

Cleveland Defeats Detroit Tigers 4 To 0, French Tames Cardinals

YANKEES BEST SENATORS TEAM

By PAT ROBINSON International News Service Sports Writer

NEW YORK, April 20.-Two vetwhat it means to be in the doghouse are definitely out of the coop today and, if their initial performances are a true criterion, appear to be headed for big seasons.

The gentlemen in question are Johnny Allen, temperamental right hander of the Indians, and Larry, French, left hander of the Cubs. Johnny had a bad season last year. He had a sore arm; won only nine games; and there was much doubt that he could ever come back

Larry went over Gabby Hartnett's head last year in a demand for more work; got it; and proceeded to turn in a string of victories. Indians Upset Tigers

Johnny was in a tough spot yeserday like a bathroom tenor folowing John McCormick on the stage. Young Bob Feller had turned in a no-hit shutout in the opener against the White Sox. What could Johnny do against the harder-hitting Tigers?

The answer was a 4-0 shutout meath's nomer, and in getting it, Johnny gave only three French also made his bow with a

Cardinals who seem to have trouble getting started. Larry worked smotohly and was never in danger after the Cubs gave him an early lead on Cooper.

Dodgers Trim Giants There was only one other game in the National league and that, too,

resulted in a shutout, the Dodgers walloping Hal Schumacher, Cliff Melton and the rest of the dearly detested Giants, 12 to 0. The 25,000 loyal Dodger rooters who came out in a rainstorm to heer their favorites, are convinced

that the Dodgers already have the pennant in the bag. Certainly, they appear to have some grounds for their enthusiasm for Whit Wyatt blanked the Bees in the opener and Hugh Casey repeated against the Giants.

Yank, Win Game Only 15,000 saw the Yanks open at home against, the Senators. This was the smallest opening day crowd that ever graced the stadium that Babe Ruth built.

The Yanks won it for Lefty Gomez, who had to retire with a sore side after five frames, 5 to 3. largely because Joe Gordon hit a homer with one aboard and Bloodworth and Pofath each kicked in with two

The Red Sox could get no better than an even break with the Mackmen in their Patriots Day celebration in Boston. Jimmy Foxx's secend homer in as many days and a timely hit by Dom DiMaggio gave the Red Sox the first game, 7-6, but the A's took the nightcap, 3-1, on Bob Johnson's homer and John-

ny Babich's five-hit pitching.

RENOVIZE MEANS MANY THINGS

It Means Modernize, Improve, Renew, Replace, Repair, and Repaint.

PUTTING NEW CASTLE'S UN EMPLOYED TO WORK

Winter months always leave damage in their wake. Ice, snow and extreme cold leave their marks on all kinds of buildings, and particularly on the roofs where they can't be seen. Leaky gutters, conductors and drains should be repaired NOW. Missing tile, slate and shingles should be replaced before leaks make more expensive repairs necessary. The time to have all these things checked and all damages repaired is NOW.

Rotten porch timbers, broken down trellises, lattice work and fences should be replaced or repaired at once.

Now is also the proper time to have your furnaces and heating systems thoroughly tested before the fires go out so that if any leaks, breaks or other defects are discovered, plans may be made to have the system placed in first class condition as soon as the fires go out. Don't wait until an early cold snap next autumn catches you unprepared. It will cost less NOW.

> Consult your architect, landscape gardener, contractor,, repairman, or dealer, according to your needs. The Division of Unemployment Compensation and Employment Service, Phone 5440, will be glad to give you the names of unemployed persons who are listed as in need of work. Local banks and Building and Loan Associations have available, on their regular or F. H. A. loan plans, plenty of funds for modernization and rehabilitation. Contractors and dealers are able to assist you if desired.

suspecting community of their life savings . . . with a get-rich-

quick scheme . . . you might say that couldn't happen to me, but some mighty smooth salesmen are out running wild, so take care ... here is one scheme that has been worked more than once: One man gains the confidence of the victim and then introduces the victim to another man, who wishes to sell a car. The victim becomes interested and is taken to see the car by his two newly acquired friends. While en route in the car in which they are riding the driver stops the car and leaves same, stating he will return shortly. Upon his return he is immediately followed by a stranger, who approaches the car at the same time, giving the impression that he is a stranger to all occupants. This stranger states that he wishes to distribute a large sum of money to the

ELLWOOD CITY, April 20-When Cash Awards Also Given To members of the Lawrence County Sportsmen's Council met last night at the New Castle Y. M. C. A. they were glad to welcome Frank Coen, game commissioner, back to the council after a long absence caused by illness.

Mr. Coen reported that 300 quail and 800 ringneck pheasants had been released in the county.

Clint White, fish deputy, announced that fish food would or placed in the Connequenessing and Slippery Rock creeks. The Council will urge the game

commission to have a bounty placed on the red fox. The highway department and game commission will be asked to have the road leading repaired with some type of hard top finish. The Council said that the road had been impassable for several months. President Harold S. Parker said

that there had been a serious fire on the game property near Wampum with some 40,000 small trees being destroyed with the blaze sweeping over 300 acres. Mr. Parker added that there had been three serious fires in the Wampum section in the past two years, with much damage being done before Council members were notified. He asked members of Council to request residents of that district to report any such fires as soon as they start to fire wardens and supporting clubs. On Friday, May 17 the Council
